TEMPE

NORMAL DORMITORY MATRON IS APPOINTED

Applications Should be Made for Entrance to Kindergarten—Plans Well Under Way

After deliberating through the spring and practically all of this summer over the selection of a matron for the young ladies' halls at the Tempe Normal, the board of regents have accepted the recently filed application of Miss Annie Ridenour, who for years has been head matron first of the United States Indian School at Phoenix and then at the Carlisle Indian School of Pennsylvania, one of the largest institutions of its kind in the country. Twelve years excellent service with the Phoenix school brought about Miss Ridenour's appointment to Carlisle a number of years ago. Once a resident here long ago, however, with relatives located here now, brings her back to Tempe.

Miss Ridenour will be head matron of the dormitories. Under her supervision the larger ladies' hall will be governed by Mrs. Crawford. The two cottages will have as their preceptors Miss Bertha Morse of Phoenix and Mrs. Josephine Woodwill of Douglas, both of whom have enrolled as seniors in the normal.

Progress in the organization of the kindergarten work is being made rapidly under the careful planning of President Matthews of the normal and Professor Ira D. Payne of the training school. Different changes will be made in the training school to allow for the new department and on these two faculty members are figuring now. Since this is the first year of the kindergarten work, the request has been made that applications for entrance to the department be made by parents at the earliest opportunity. Either Mr. Matthews or Mr. Payne will give proper attention to the applications.

A decided increase in the membership of the senior class of the normal proper is looked for with the addition of the kindergarten department, which is being designed to compare equally well or better with anything in the country. The best supervision for the work that can be secured will be at the head of the department. Under her directions the seniors will get their training to handle kindergarten work, which is almost certain to be a large drawing card, for hitherto nowhere in Arizona have students of the advanced schools been afforded the opportunity of working with the smaller children free of expense both to themselves and to the children.

The applications for entrance to the kindergarten department should be made at once. Children between the ages of four and six will be admitted.

WEDDING OF POPULAR COUPLE
Miss Mary Morrow and Obed Lassen, both popular young people of Tempe, were united in the holy bonds of matrimony at a pretty home wedding Thursday evening in Tempe. Rev. Wilbur Fisk was the officiating clergyman. Both the contracting parties have made this their home from early childhood. For years they were members of the same class at school and eventually graduated together with the first class receiving diplomas from Tempe high. Mr. and Mrs. Lassen will make their future home on the Bartlett-Heard ranch west of town, where the groom is one of the head ranchmen with the company.

GRAMMAR SCHOOL
September 14 will be a long remembered day in Tempe, for the normal, training, high and grammar schools, will all throw open their doors simultaneously on the morning of that day for the 1914-15 term of school. The two members of the trustee board of the grammar school have united and like the rest have settled upon the second Monday in September for their opening.

THE MOVIE PROGRAM
A good bill of four films is on the program for this evening's movie entertainment at the Goodwin Alhambra. "The Little Mail Carrier," is the two reel special and has as its star actress Florence Lawrence. "An Eastern Cyclone at Bluff Ranch" and a Western drama entitled "The Intruder" are the single reel pictures.

TO MIAMI
Mrs. Ira D. Brooks left on the early Maricopa train yesterday morning for Miami, Arizona, for a few weeks visit with relatives there.

and Mrs. Edmund Gibson, left yesterday on a couple days camping trip to be spent at the Granite Reef diversion dam.

A BABY BOY

A bouncing baby boy was born to Mr. and Mrs. L. G. Vinson yesterday morning. 'Tis the first born so cigars were quite in order when the man of the house paid his first visit to town.

IT RAINED SOUTH OF TEMPE

Quite a refreshing rain fell east and south of Kyrene yesterday shortly after noon, but for a very few drops it all escaped the Tempe country. Rain, wind and dust all quite well enveloped Chandler and the immediate vicinity for an hour or so and gave all indications that a real storm was in order, but it blew over before any lasting impression of rain was to be left. Tempe and vicinity were treated to a few scattered drops through the afternoon and last evening.

FURNISHED ROOMS for rent.

LEGAL NOTICE

NOTICE INVITING PROPOSALS OR BIDS FOR THE IMPROVEMENT OF ALLEY IN BLOCK EIGHTY-ONE OF THE ORIGINAL TOWNSITE OF PHOENIX.
Pursuant to the provisions of the Improvement Act of 1912, and more particularly Resolution No. 39, of the Commission of the City of Phoenix, Maricopa County, State of Arizona, adopted the 18th day of August, 1914, directing this notice, the Commission of said City of Phoenix, invites and will receive at the office of the City Clerk, in the City Hall, up to five o'clock P. M., on Tuesday, Sept. 1st, 1914, sealed proposals or bids for the following work or improvement to be done in accordance with the plan, profile and cross sections for said work on file in the office of the City Engineer of said City, and further in accordance with specifications on file in the office of the City Clerk of said City, all of which is more particularly described in Resolution No. 31, as follows:

(1) That the alley in Block Eighty-one of the Original Townsite of Phoenix, except such portions of said alley which are or will be occupied by walks and excepting also such portion of said alley as will be occupied by cement concrete gutter, where shown on the plans hereinafter referred to, be graded and paved with bitulithic pavement.

(2) That a cement concrete gutter be built along the center line of the alley in Block Eighty-one (81) of the Original Townsite of Phoenix.

(3) That a gravel walk four (4) feet in width be built along the south side of said alley from the West line of Third Avenue, West, approximately One hundred and ten (110) feet.

(4) That a concrete gutter be built across the aforesaid gravelled walk at a point approximately One hundred and ten (110) feet West of the Westerly line of Third Avenue.

(5) All of the above work to be done in accordance with a certain set of plans approved and adopted by the Commission of the City of Phoenix on the 8th day of July, 1914, and on file in the office of the City Engineer of said City in Book Two (2) of Street Improvement Plans, on Page 59, and in further accordance with specifications, Numbers 19, 20, and 22 of the City of Phoenix, on file in the office of the City Clerk, of said City and which plans and specifications are hereby referred to for more particular description of the said work and made a part hereof.

Section 2. That the said contemplated work or improvement, in the opinion of the Commission is of more than local or ordinary public benefit and said Commission hereby makes the costs and expenses of said work or improvement chargeable upon a district and hereby declares that the district in said City of Phoenix benefited by said work or improvement and to be assessed to pay the costs and expenses thereof is described as follows:

All of Block Eighty-one (81) of the Original Townsite of Phoenix. All proposals or bids offered or filed shall be accompanied by a bond payable to the order of the Mayor of the City of Phoenix, for an amount which shall not be less than ten (10) percentum of the aggregate proposed.

The Commission of the City of Phoenix reserve the right to reject any and all proposals or bids if it deems this for the public good and also the bid of any person who has been delinquent or unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid, of any responsible bidder.

The plan, profile, cross sections and specifications of the proposed work hereinabove referred to may be seen at the office of the City Engineer of the City of Phoenix.

All proposals must be presented in a sealed envelope endorsed on the outside with the name of the alley for which the proposal is made.

The said Commission has determined that serial bonds shall be issued to represent each assessment of Twenty-five (\$25.00) Dollars or more for the costs and expenses of said work or improvement, said serial bonds to extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and to bear interest at the rate of six (6) per centum per annum, payable semi-annually. Said bonds to be in the

IRON SPRINGS

IRON SPRINGS, Aug. 21.—Monday afternoon Mrs. E. J. Bennett motored to Prescott with her guests the Misses Emma and Margaret Bennett and Mrs. H. J. Jessop.

Mrs. A. W. Morrill and children of Phoenix are the guests of Mrs. Frank Alkire this week.

Mrs. T. E. Irvine and family arrived from Phoenix Sunday and has opened her cottage on City Hill for the rest of the season.

The Tuesday night dances are proving to be the event of the week. Doubtless owing to the presence of young men in greater numbers the affair on last Tuesday night was one of the pleasantest of the season. Those present were Mr. and Mrs. P. A. Craig, Mr. and Mrs. Harold Pemberton, Doctor and Mrs. Carson, Messdames T. W. Pemberton, E. T. Collings, James Griffin, Frank Alkire, C. B. Laird, G. N. Cox, A. W. Morrill, Petross Nichols Bone, Abbott Johnston, Misses Emma Bennett, Margaret Bennett, Ellen Tolson, Eleanor Hallett, Ellen Carpenter, Mary Josephine Collings, Angila Marshall, Emma Abbott, Fern Johnston, Caroline Burris, Ruth Burris, Miriam Davidson, Georgia Mary Gibbons, Messrs. Walter Martin, Wm. Hartrant, Walker Burris, Corbin Davidson, Vernon Kennedy, Harry Kennedy, Billy Pemberton, Orme Lewis, Jack Griffin, Donald Martin.

Mrs. H. J. Jessop and Miss Ruth Jessop went to Prescott by car Wednesday afternoon. Mrs. E. W. Lewis and Miss Katherine Kennen were their guests Wednesday afternoon. Mrs. H. J. Jessop and Miss Jessop with their guests Mrs. E. W. Lewis and Miss Katherine Kennen made the trip to Prescott and the highway drive as far as the Senator mine by car.

Mr. and Mrs. E. J. Bennett with their nieces Miss Bennett, Miss Margaret Bennett and nephew Master Guy, and Mrs. Anell Martin, Walter Martin, Donald Martin, and Mrs. Will C. Barnes left Thursday on a motor trip which will include Camp Verde, Montezuma Castle, Montezuma Wells and Jerome. They expect to return Friday night.

Mrs. Frank Alkire is entertaining at Red Bird Cottage with a series of original and interesting afternoons in honor of her guest Mrs. A. W. Morrill. The invitations for Tuesday read "An Artist's Afternoon." Cards are out for "An Iron Springs Afternoon" on Friday. The decorations carried out the idea of the cottage name "The Bird." Gracful runners of exquisitely feathery climates were used in the living room with a novel fresco effect. Large vases of wild honeysuckle and gladiolus were used to produce a lower effect through which were perched very realistic Kentucky cardinals. Each guest was provided with a paper and pencil and given time to make a sketch of one of the tulle cardinals.

Then a prize was awarded by popular vote. Mrs. A. W. Morrill received first, Mrs. J. E. Walker and E. A. Marshall second, Mrs. M. Walker was the fortunate one. A delightful feature of the afternoon was a reading by Mrs. McClusky, who is a graduate of the Connock School of Oratory, of James Lane Allen's Kentucky Cardinal. The Alkire cottage is conceded by all to have one of the finest grounds in camp. In consequence it is an ideal setting for an "artists' afternoon."

Mrs. Thomas Armstrong and son were the guests of the Misses Armstrong for the past week. Miss Margaret Bennett, who has been the guests of their aunt, Mrs. E. J. Bennett for the past two weeks at Casa Loma are leaving Saturday night for their home in Los Angeles. The young ladies will leave many warm friends in camp who regret that their stay could not be longer.

Mrs. Lloyd B. Christy, and family are again located in the cottage after a short trip to California and a few days in town.

The meeting of the Wednesday bridge club at the pavilion with Mrs. W. H. James and Mrs. E. A. Marshall as hostess proved to be one of the most delightful of these weekly gatherings. Those present were Messdames E. A. Marshall, W. K. James, J. E. Walker, C. B. Laird, G. N. Cox, T. W. Pemberton, T. W. Pemberton, Jr., H. Clay Parker, Gibbons, Pigley, John O'Malley, Carsons, H. M. Kennedy, Haster, Allen, A. G. Hulet Nichols, Carrigan, Miss Gibbons and Miss Edith Evans. Mrs. Nichols won first prize and Mrs. T. W. Pemberton second.

Mrs. John Bennett went down to Phoenix Tuesday evening to spend a week in her home town.

Mrs. Lyman Peters, Miss Georgia Mintz, and Mr. D. H. Burtis returned to Phoenix Wednesday.

The many friends of Mr. Walter Talbot are glad to learn that he will soon be able to make his appearance again regularly on the golf course. He has been housed for some time by a slight but painful accident which injured his foot.

form and payable in the manner prescribed in said "Improvement Act of 1912."

Reference is hereby made to the Bitulithic Mixture License agreement of Warren Bros. Company, of Boston, Mass., dated June 15th, 1914, on file in the office of the City Clerk of the City of Phoenix.

PRISON LABOR COST FOR JULY

Report Issued by State Engineer's Office Showing Results Obtained on the State Highways Now in Course of Construction

In submitting report of operations for period July 1, 1909, to June 30, 1914, the following statement from the State Engineer's office has been made public:

"In the report of our operations for the period 1909-1914, monthly cost statements for prison labor construction in Tombstone canon near Bisbee and on Globe-Roosevelt highway have been given from beginning of such construction, October, 1913, and December, 1913, respectively. These reports have been reproduced by the press in Cochise and Gila counties from month to month, thereby enabling the citizens of those counties to be fully advised as to results obtained. These statements, unfortunately, were not supplied to the press outside of these counties, and it seems this has been taken advantage of by persons seeking to create false impressions as to results obtained. It will be the policy of this department monthly in future, with the co-operation of the press of the state, to furnish such reports for publication throughout the state. Reports for July are summarized as follows:

Bisbee-Tombstone Highway
Total men, days 2,321
Camp work, Sundays and sick, 925 1/2

Working men, days 1,995 1/2
Cost per man for maintenance, per day91
Cost per working man, maintenance, per day \$1.335

Estimate of Work
Cu. yd. Per cu. yd.
1,649 1/2 Solid rock, grading \$1.375
961 3/4 Loose rock, grading59
829 3/4 Boulders, grading81
383 1/4 Earth, grading28
389 5/8 Rock excavation (Culverts) 1.16

21 1/2 Loose rock excavation (Culverts)16
65 0 Earth excavation (Culverts)38
44 4 Masonry (culverts) 5.46
143 4 Concrete (culverts) 6.00
84 1 Solid rock ditching 1.52
54 8 Loose rock ditching 1.00
39 8 Earth ditching46

In addition to above, 1,300 feet of road was finished and dragged.

Globe-Roosevelt Highway.
Average number prisoners on camp work 35
Average number prisoners sick 2
Average cost per man per day \$0.679
Average cost per working man902

Estimate of Work
2 acres clearing and grubbing per acre \$ 3.955
1,342 cu. yd. solid rock excavation per cu. yd87
14 cu. yd. loose rock excavation, per cu. yd.361
95 cu. yd. earth borrow excavation, per cu. yd.19
37 cu. yd. masonry, per cu. yd. 4.069
98 cu. yd. foundation excavation, per cu. yd.379
110 1/2 ft. corr. iron culverts placed, per l. ft.10
195 cu. yd. ditching, per cu. yd.141
3.09 mi. raking road, per mile 16.201
8.71 miles redrugged, per mile 1.537

Camp was moved from Pinto Creek to Summit (12 miles from Globe), which accounts for increase in working man cost over June.

Wires ARE FAST BUT NOT QUITE ENOUGH SO

Jose Romero Beats Felipe Ruelas' Telegram to Land Office and Gets Choice Homestead

Not even the famed rapidity of the telegraph could save Felipe Ruelas his chance to file a homestead on some valuable public land in the Little Colorado valley near Holbrook. Jose Romero, more careful of his affairs, had taken the precaution of filing an application in person.

Here is what Felipe wired to the land office:

"My application mailed today. Just like that of Jose Romero. Please give consideration."

Birdno wired back: "Too late; application of Romero allowed."

Ruelas will henceforth distrust the telegraph.

BIG COPPER CONCERNS IN SCRIP FIGHT

Contest Against Land Selected by Tidewater Railway for Depot Site Near Ajo Brings in C. & A. Subsidiary

In the government's contest against certain scrip filed by the Tucson, Phoenix and Tidewater railroad company, a hearing on which began yesterday before Receiver John J. Birdno in the federal court room, the interests of the Calumet and Arizona and Phelps-Dodge copper companies are seen in conflict. It is on the allegation of a United States mineral inspector that the lands scripped for the railway are mineral in character, that the case is based. And the said lands are located next to claims held by the New Cornelia Copper company, a subsidiary of the C. & A.

Attorney John H. Page, for James S. Douglas, president of the railroad, examined numerous witnesses before the register yesterday. The government's case is being prosecuted by G. W. Comerford, assistant chief of the sixth field division of the general land office. The contest is against a number of Valentine scrip selections made in the Ajo mountains west of Gila Bend, for the benefit of the railway. The land was to have been used for a depot site.

A government inspector reported that the lands were mineral in character, and the contest is based on this report.

The New Cornelia Copper company was organized by Col. Charles D. Paston 52 years ago, a fact which makes it one of the oldest mining companies in the state. Paston was Arizona's first delegate in congress, which adds further interest to the case.

Quite a string of witnesses were gathered for the hearing. This forced Mr. Birdno to hold the hearing in the court room, instead of his private office.

For the government there appeared: A. G. Jaffa, mineral inspector G. L. O. Santa Fe, New Mexico; E. L. Francis, surface foreman, N. C. Co., Ajo, Arizona; Alfred Paul, mining expert of Douglas; Geo. R. Ingham, assistant engineer, Ajo; Frank G. Meyer, miner of Ajo; W. W. Brostrom, chemist, Warren, Ariz.; Thomas Cowperthwaite, mining engineer, Warren; Philip D. Wilson, geologist, Warren; M. Curley, superintendent of the Cornelia mines at Ajo.

The witnesses for James S. Douglas are Henry Bollweg and Coural Simon, mining men of Douglas, Arizona.

The case will continue at least another day. The taking of testimony is being hastened.

HEARING TODAY FOR THE ACCUSED CONSPIRATORS

Sixteen of Them Face Charges Before U. S. Commissioner This Afternoon

The addition of another captive to the list, has raised the number of Mexican conspirators to be heard on preliminary examination today to sixteen. Therefore, sixteen complaints will be entered before Acting U. S. Commissioner P. P. Parker this afternoon, by United States Attorney Thomas A. Flynn.

Owing to the fact that no witnesses have been secured who can tie the conspiracy down on the Tempe Army matter, the prosecution will adopt an entirely new line of attack. This has, of course, been made public in all its details. But it is practically certain that the main count of the charge will be that of conspiring to disturb the peace and dignity of the United States.

A paragraph in the federal statutes relating to the sending of inflammatory messages to Indians—wards of the government, affords the prosecution another angle of attack. The Yaqui Indians who took part in the conspiracy, in attempting to inveigle numerous peaceful Pimas into the uprising, laid the entire band open to this latter charge, which may be pressed as the chief offense.

The hearing will be held in the superior court room, or in Judge Phillips' chambers, as there will necessarily be a crowd of witnesses and not a few defendants, beside the numerous sensation seekers.

INFECTED CATTLE TO BE DEPORTED

At a meeting of the live-stock sanitary board held this week at Nogales, measures were taken for the immediate deportation of all cattle brought into Arizona from infected districts in Mexico, and provision made for the enforcement of strict quarantine measures in case they should be necessary. Cattle supposed to be infected are now being collected for shipment to former owners in Mexico.

During the past two weeks between four and five hundred head of cattle, which are supposed to have been stolen in Mexico, have been smuggled across the border into Arizona in order to avoid payment of the export duty imposed by the Mexican government on all cattle shipments.

From brands on these cattle it appears that they have come from districts in Sonora known to be infected with tick, and as soon as they can be rounded up a careful exam-

Advance Showing of Fall Millinery

We have received several shipments of new Fall Millinery. They comprise the newest ideas of the season.

There are several of the new black and white effects that are proving so extremely popular in New York for early Fall wear.

Hertzbergs

"Ladies' Ready-To-Wear Exclusively"

CONVICTS WILL BE WITHDRAWN

Gov. Hunt Requests State Engineer to Substitute Unemployed Americans for Prisoners at Cochise Road Camp

Convicts now at work on the Tombstone-Bisbee highway will be withdrawn as soon as possible and their places taken by unemployed Americans from the Warren-Bisbee district. Arrangements for the return of the prisoners to the penitentiary at Florence are now being made by the state engineering department and the superintendent of the prison.

The decision to substitute day labor in the Cochise county road camp was reached yesterday following a telegram from Bisbee, conveying resolutions adopted at a mass meeting of citizens of the Warren district, including the council of Bisbee and the board of supervisors of Cochise county. The meeting heartily endorsed the plan of Governor Hunt to withdraw all convicts now employed in Cochise county and substitute therefor American citizens who are now out of employment, and pledged the support and co-operation of the organizations represented in any movement for the immediate relief of present conditions. A resolution thanking the governor for his action and urging prompt action was also among those adopted.

Governor Hunt yesterday requested the state engineer to take steps for the return of the prisoners from the Bisbee road camp as soon as possible, and for the employment of from 80 to 90 Americans in their places. The governor also sent a telegram thanking the citizens of the Warren district for their endorsement of his suggestion, and assuring them that the proposed action would be taken as soon as possible.

Inaction will be made to determine the extent to which they are diseased. Line riders under the direction of the collector of the port are now engaged in collecting the cattle.

"An international fence along the border seems to be the only solution of the problem," said Sam B. Bradner, secretary of the live stock sanitary board yesterday. "Petitions to the department of agriculture and to Arizona's representatives in congress are now being circulated by stockmen, and it is hoped that an appropriation for a fence similar to that constructed along the southern border of California by the bureau of animal husbandry can be secured."

CASE OF SEVERE WANT DISCOVERED; HELP WANTED

A case of severe destitution has been brought to the attention of Mrs. Hammond of the Hotel Glenwood of a white woman and three children living at 725 East Moreland street, who are practically without food or raiment. Three little girls, ten, seven and two years respectively, were crying for food and the poor mother was ill in bed unable to attend to them.

The husband of the woman was recently ordered to leave the county. He had, it is said, wholly neglected to provide for his family until the officers became exasperated and ran him away to relieve the woman of the incubus.

For awhile she did better with him away but since she has been sick she has been particularly badly off, and the children are helpless to aid themselves.

Neighbors have been doing for her as much as they could. Yesterday some interested ladies visited the house and left some provisions and later made arrangements for further food to do them today and tomorrow.

Resinol clears away pimples

PIMPLES and blackheads disappear, unsightly complexion become clean, clear, and velvety, and hair health and beauty are promoted by the regular use of Resinol Soap and an occasional application of Resinol Ointment. These soothing, healing preparations do their work easily, quickly and at little cost, when even the most expensive cosmetics and complicated "beauty treatments" fail.

Every druggist sells Resinol

Resinol Soap and Ointment heal eczema and other skin eruptions, stop itching instantly, and are most valuable for dandruff, sores, burns, boils, piles, etc. For trial size, free, write to Resinol, Dept. 10-S, Baltimore, Md.
